

**LEVANT**  
SECURITY

# LEVANT SECURITY

GUARDING | OFF-SITE MONITORING | VIP PROTECTION | ARMED RESPONSE

# PROTECT PREPARE PREVAIL

Accredited and compliant security service provider

# COMPANY OVERVIEW

**Levant Security** is a modern security company delivering integrated protection solutions for residential, commercial, industrial, and high-risk environments.

We combine skilled security personnel, advanced technology, and real-time operational oversight to protect people, property, assets, and daily operations.

Our approach goes beyond traditional guarding. By combining on-site security teams with intelligent monitoring systems, surveillance technology, and command centre support, we help clients reduce risk, improve visibility, and respond faster to security threats.

At **Levant Security**, we believe security should be proactive, responsive, and built around the unique needs of every client.

## Our Vision

To redefine security through proactive, technology-enabled solutions powered by skilled professionals.

## Our Mission

To deliver tailored security solutions that provide businesses with real-time visibility, proactive threat detection, operational control, trusted personnel, and scalable protection systems.

## Our Approach

"We combine skilled personnel, advanced security technology, and real-time operational oversight to deliver practical, effective security solutions tailored to each client's environment."

- PSIRA-accredited security personnel
- 24/7 command centre support
- Surveillance and monitoring systems
- Fleet and patrol management
- Incident reporting and escalation
- Risk-based security planning

# COMMAND CENTRE EXCELLENCE

Our modern Command & Control Centre serves as the operational hub of Levant Security, providing real-time monitoring, incident management, and direct communication with field teams across multiple sites.

# CORE SERVICES

## Security Guarding & Site Protection

Professional security officers, access control personnel, patrol teams, reception security, concierge and visible deterrent services for residential, commercial, retail, industrial, and high-risk environments.

## CCTV Monitoring & Surveillance Solutions

Integrated surveillance and command centre solutions providing 24/7 remote monitoring, live incident detection, perimeter protection, thermal imaging, smart alert systems, and real-time operational oversight across multiple sites.

- AI-assisted threat detection
- Thermal and perimeter monitoring
- Smart intrusion alerts
- Live command centre support
- Multi-site visibility and reporting

## Fleet Tracking & Vehicle Access Control

Advanced vehicle and fleet management solutions including:

- GPS live tracking
- Patrol route monitoring
- Vehicle access control integration
- Blacklisted vehicle alerts
- Fleet visibility and reporting
- license plate recognition (LPR)

## Security Risk Assessments & Consulting

Comprehensive security assessments and customised protection strategies designed around each client's operational environment, risk exposure, and security requirements.

## Critical Infrastructure & NKP Security

Certified security services for National Key Points and critical infrastructure environments, delivered in compliance with South African regulatory requirements for strategic and high-risk facilities.

## VIP Protection & Executive Security Services

Specialised close protection and VIP security services tailored for high-profile individuals, executives, dignitaries, and private clients requiring discreet, professional, and risk-based protection.

- Executive protection
- Secure travel coordination
- Residential protection
- Event and escort security
- Risk and route assessments

# INDUSTRIES WE SERVE

Levant Security partners with organisations operating in high-demand, high-risk sectors:

- Residential and Commercial Properties
